

JUBILEE BUILDING SUPPLIES LTD

NEWSLETTER – SPRING 26

Price Increases

The current situation in the Middle East has now started to impact supplies of building materials and has also led to some cost increases.

We are now seeing a number of cost pressures from our supplier base which will lead to some price fluctuations over the coming weeks.

As well as cost pressures some suppliers are now quoting extended delivery times, we are doing everything that we can to mitigate both of these and to ensure we can continue to deliver our usual service.

Please contact us when you are quoting for our up-to-date prices, some products will be changing weekly.

Delivery Charges

We are also seeing an increase in our Transport costs due to the increase in diesel prices.

With this in mind we have had no choice but to review our delivery charges, this will now be added to all delivered orders based on distance.

We understand how frustrating the current situation may be, but we are here to help, so please contact us if there is anything that we can do to assist you.

Landscaping Display Area

On a more positive note, the  has arrived and so has our new landscaping area. Please join us on Friday 27/3/26 for the grand opening.
